Ride on the highest, steepest, water-powered funicular railway in the world!

## Lynton & Lynmouth Cliff Railway

This incredible Victorian invention opened in 1890, joining the two villages of Lynton & Lynmouth, some 500ft (150m) apart. Two cars are joined by a continuous steel cable and ascend and descend on the principle of balance.

At the top, each car is filled with 700 gallons of water which then provides the weight to pull the other car up as it descends. It's as simple as that, and the views are simply breathtaking.

### Enjoy a traditional Devon Cream Tea

Treat yourself to a delicious Devon Cream Tea in one of Lynton or Lynmouth's cosy cafés or charming tea rooms.

While visiting Lynton and Lynmouth be sure to pay a visit to the fascinating and varying mix of shops, pubs and eating places.

Lynton's shops and places to eat are a short walk from the town's ample car parks and a gentle stroll from the Cliff Railway.

The eclectic shops and galleries offer a wonderful selection of gifts and keepsakes for your loved ones or remind you of your visit to this picturesque town.

### Glen Lyn Gorge

The Power of Water Exhibition tells the story of two great events in Lynmouth's history: The 1952 flood disaster and the epic 1899 overland launch to Porlock of the lifeboat Louisa. See how the once destructive waters of the Glen Lyn Gorge now provide "green energy".

### Lynmouth Flood Memorial

See a scale model of the village pre-flood, along with images of the destroyed buildings and how to identify their sites.

### Lynton

Take a ride on the Cliff Railway to Lynton, sitting more 500ft above Lynmouth.

Check out more fantastic places to shop, eat, drink and supermarkets.
